GEORGIA

JUNE 12-15, 2019 | THE DESOTO SAVANNAH

Join supervisory/audit committees who have already registered for NACUSAC's 2019 Annual Conference & Expo June 12-15 in Savannah, Georgia. NACUSAC attendees will get to experience the history, culture and beauty of one of the most charming cities of the South.

Whether you just joined the supervisory committee or have served for years, the educational program is designed to meet your needs. Keynoter Lee Wetherington will kick off the conference with "Hacking the Hyperbole: The Future De-Bunked & Bottom Lined." He'll explore the impact of fintechs, the evolution of branches, things you should know about Blockchain and why Gen X, not Gen Y, is the most influential generation.

The conference program will continue with educational sessions on fraud, IT security, audit planning, external audit selection, regulatory exam hot buttons and BSA updates.

Sessions will wrap up in the afternoon leaving plenty of time to explore Savannah. On Friday evening, attendees and their registered guest will be treated to a dinner cruise aboard one of Savannah's beautifully appointed riverboats. While taking in views of the riverfront and city sights, guests will enjoy a full buffet with dishes to satisfy every taste.

March 2019 Webinar: Building an Effective Strategic Plan

With technology and competitive trends quickly changing the environment for credit unions, it becomes more important than ever to have a robust strategic plan to guide the organization and its decisions. The role of the Supervisory Committee should be to assure that management has in place an effective strategic planning process, and to provide guidance on key aspects of the plan. This presentation will describe the elements of an effective strategic planning process for the credit union, and identify the types of questions committee members should be asking.
